**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT  
UNDER 37 CFR § 1.97**

Dear Sir:

Pursuant to 37 C.F.R. § 1.56, § 1.97 and § 1.98, the documents listed on the accompanying form PTO-1449 are called to the attention of the Examiner for the above patent application. Copies of the documents are enclosed.

Listing of these documents shall not be construed as:

1. an admission that the documents are necessarily prior art with respect to the instant invention;
2. a representation that a search has been made; or

3. an admission that the information listed herein is, or is considered to be, material to patentability as defined in § 1.56(b).

As set forth in the Supplemental Submission filed herewith, it is believed that the Notice of Allowance and Issue Fee Due of November 19, 2003 was premature. Further, the Examiner has stated that she will open the application for further consideration on the merits. Thus, it is believed that the statement is appropriately made under 37 CFR § 1.97(b), or alternatively, under 37 CFR § 1.97(c) with an appropriate fee. However, in the event it is determined that this submission should be under 37 CFR § 1.97(d), the accompanying statement is provided below.

No item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement.

While no fee is believed to be required, the Office is authorized to charge the appropriate fee associated with this statement to Deposit Account No. 502664.

Respectfully submitted,

K. Alison de Runtz
